

ADDVANCE BOTANICAL HAND CLEANER

Product Number : MC001

Heavy-duty waterless or water-dilutable detergent for hand washing in the machine shop or any industrial facility. This hand cleaner is composed of coconut and other botanical (green) ingredients. This unique formulation provides high detergency and emollient properties in a mild gentle-to-use hand cleaner.

Size: 32 fl oz.

Units/Pack: 12 bottles per case

ORANGE CRAZY CLEAN

Product Number : 2070

An all purpose foaming citrus scented cleaner and degreaser. This combination of emulsifiers, surfactants and d-limonene works to clean stubborn grease and soil. The clinging foam can be used on vertical and irregular surfaces, as well as on horizontal surfaces. Leaves surface smelling fresh and clean. This product can be used on metal, porcelain, tile, wood and many other places.

Size: 20 oz. can.

Net Weight: 18 oz.

Units/Pack: 12 cans per case

MOLY CHAIN & CABLE LUBRICANT

Product Number : 5760

Specially designed to provide maximum protection to wire ropes and chains of all types. Will completely penetrate into the strands of wire ropes, providing the ultimate in lubrication. Does not build up on chains to attract dust or dirt, but provides complete lubrication of rollers, pins and bushings. Continued use of this product reduces chain whip, vibration and noise; also protects against galling, seizing and wear, thus adds life to chain cable and sprockets.

Size: 16 oz. can.

Net Weight: 12.5 oz.

Units/Pack: 12 cans per case

DRY GRAPHITE LUBRICANT

Product Number : 5650

Dry film graphite lubricant offers superior, long-lasting performance where petroleum products must be avoided. Graphite anti-seize dry coating resists dust and abrasive particles. Withstands water, oil, alkalis and most acids. Forms a strong bond to metal—will not wipe off easily. May be used at higher temperatures than molybdenum disulfide based dry film lubricants. Formula is more readily accepted by safety directors. May be used as a release agent.

Size: 16 oz. can.

Net Weight: 12 oz.

Units/Pack: 12 cans per case

ANTI-SEIZE COMPOUND

Product Number : 5460

A general purpose anti-seize lubricant, sealant and protective coating to use wherever metal contacts metal. Covers any metal with a protective resistant coating that acts as a barrier to withstand extreme heat (to +2000°F), pressure and friction. Stops corrosion, is non-melting, waterproof and highly resistant to chemicals, solvents and gases (except oxygen). Especially recommended for applications in temperature range from -35°F to +750°F. Contains extremely fine aluminum and graphite particles.

Size: 16 oz. can.

Net Weight: 13 oz.

Units/Pack: 12 cans per case

METKLEEN 2090 COIL CLEANER

Product Number : MC2090

METKLEEN 2090 COIL CLEANER is a low alkaline, aqueous spray wash cleaner for soft metals. The unique surfactant chemistry optimizes detergency and oil "split-out" from the cleaner bath for improved waste treatment. It is aggressive against petroleum-based soils but is mild on sensitive metals and finishing equipment.

Size: 32 fl oz.

Units/Pack: 12 bottles per case

ADVANCE 6030BP

Product Number : MC6030

A low foaming, high performance, botanical metalworking fluid for machining and grinding of ferrous and non-ferrous metals. ADVANCE 6030BP has a unique blend of botanical additives and boundary lubricants that provide proven performance on difficult machining and grinding operations. ADVANCE 6030BP is formulated to provide exceptional rust protection.

METCHEM 6020

Product Number : MC6020

A bio-stable synthetic machining and grinding coolant for any alloy except for magnesium. METCHEM 6020 is a neutral pH premium synthetic, designed to be more acceptable by workers. This coolant provides exceptional fine settling, rust protection, visibility, and cleanliness.

METKLEEN 2140

Product Number : MC002

Heavy-duty all-purpose maintenance cleaner. The unique wetting properties enhance the detergency and soil penetration to remove the most heavily soiled surfaces.

Size: 32 fl oz.

Units/Pack: 12 bottles per case

ARMOR PROTEC

Product Number : MC73

Armor ProTEC delivers long-lasting high-gloss shine while enhancing the deep, rich look of your vehicle's interior surfaces. It will help prevent cracking, fading, discoloration and premature aging and enhances your vehicle's deep, rich look while adding shine. Renews & revitalizes vinyl, rubber and plastic. Gives that new car shine look.

Size: 32 fl oz.

Units/Pack: 12 bottles per case

METKLEEN GLASS AND WINDOW CLEANER

Product Number : MC002

Fast drying and dries with no streaks. Excellent for windows, mirrors, windshields and other glass surfaces. Dissolves dirt, grease, grit, and grime.

Size: 32 fl oz.

Units/Pack: 12 bottles per case

METCOR 57

Product Number : MC007

Solvent-based corrosion preventative for long-term indoor protection of ferrous and non-ferrous metals. It is fast drying, water displacing, and non-staining. The deposited dry film "seals off" metal surfaces from moisture and humidity on contact. METCOR 57 is ideally suited to protect corrosive sensitive metals and alloys.

Size: 20 oz. can.

Net Weight: 12 oz.

Units/Pack: 12 cans per case

BIOWELD ANTI SPATTER SPRAY

Product Number : MC72

Reduces downtime due to spatter build-up, and provides instant shielding action. Will not affect surfaces to be painted. Highly heat resistant. Applied as directed, this spatter inhibitor is flowproof and will not spread beyond the point of impact.

Size: 20 oz. can.

Net Weight: 16 oz.

Units/Pack: 12 cans per case

METCOR 71

Product Number : MC71

A USDA Certified BioBased Product. It is a botanical-based, environmentally friendly, corrosion preventative. This product is formulated with bio-renewable and bio-sustainable resources and is both bio-degradable and chemically neutral. METCOR 71 will protect all metal surfaces from moisture, high humidity and salt spray vapors. METCOR 71 contains no petroleum oil or hazardous materials. This product is approved by NSF International for use in and around food processing areas. NSF Registration #163308.

Size: 20 oz. can.

Net Weight: 19 oz.

Units/Pack: 12 cans per case

INDUSTRIAL WHITE GREASE

Product Number : 5770

Food grade white grease is a high purity complex white grease with superior heavy-duty metal-to-metal characteristics. Excellent for high load applications requiring a long grease life. Resists water and heat. Provides rust corrosion protection and superior lubrication to a wide variety of applications. Wide temperature range of -40°F to +550°F.

Size: 16 oz. can.

Net Weight: 10 oz.

Units/Pack: 12 cans per case

BRAKE PARTS CLEANER

Product Number : 8095

An ultra-fast drying, no residue, cleaning solvent intended to degrease any non-painted metal surface. This heavy duty cleaning agent instantly removes oil, dirt build-up, varnish, sludge, grease and brake fluid. Contains no chlorinated solvents and is 50 state compliant. The powerful spray breaks through even the toughest deposits! Cleans and degreases engine parts, tools, equipment, farm equipment, carburetors and throttle bodies, brake and rotors or any other metal surface that needs degreasing FAST!

Size: 20 oz. can.

Net Weight: 14 oz.

Units/Pack: 12 cans per case

ACCROLUBE HIGH TEMP POLYUREA

Product Number : MC008

Accrolube High-Temperature Polyurea with PTFE creates a boundary lubrication film that reduces wear between metal surfaces and protects against corrosion. Accrolube High-Temperature Polyurea with PTFE deposits a fine protective and lubricating film on the metal that will continue to function even after the grease has extruded away. Microparticles of PTFE suspended in Accrolube High-Temperature Polyurea with PTFE ensure continued performance on equipment operating at high loads and extreme temperatures.

Size: TUBE, PINT, CARTRIDGE, & PAIL

CARBURETOR & CHOKE CLEANER

Product Number : 8020

Carburetor and choke cleaner is the modern quick way to clean and lubricate automatic chokes, PCV valves and systems, heat risers and carburetors. Rapidly cleans carburetors without removing them from the car engine. Frees frozen or inoperative choke and carburetor linkages when frozen due to dirty parts. Cleans out PCV valves and hoses allowing system to operate properly. This product has been thoroughly tested to insure no adverse effects to oxygen sensor equipment.

Size: 16 oz. can.

Net Weight: 13 oz.

Units/Pack: 12 cans per case

TAPEZE X-2

Product Number : MC23

An E.P. fortified paste for tapping all metals. This paste "clings" to your tap to afford the maximum lubricity and tap life.

PREMIUM STARTING FLUID

Product Number : 8260

Aids gasoline and diesel engines in fast and easy start-up in all temperatures and weather conditions. Prolongs battery and starter life. Contains upper cylinder lubricants and anti-corrosive additives. Note: Do not use this product on glow plugs.

Size: 16 oz. can.

Net Weight: 10.7 oz.

Units/Pack: 12 cans per case
