

METCOR 52 Water Based Corrosion Preventative

Product Description

METCOR 52 is an oil free, biodegradable, indoor corrosion preventative for all metals, METCOR 52 uses “Green Chemistry” derived from botanical renewal resources. METCOR 52 is both people and earth friendly without sacrificing performance.

Benefits

- Compatible with most alloys
- Heat treatable film
- Contains no hazardous oils or solvents
- Easy to remove or clean off
- Biodegradable
- Long term indoor protection
- Dry transparent film

Applications

- Final rinse protection in cleaner lines
- Additive to enhance vibratory cleaning/protection
- In-transit part protection
- Dip coating machined parts
- In process protection prior to painting, plating or finishing

Directions For Use

METCOR 52 can be used as received or diluted down to 1:10 with water for lighter film weights. The deposited protective film will dry to a semi hard transparent coating. This coating seals the metal surface offering substantial indoor corrosion protection to both ferrous and non-ferrous metals.

Packaging

METCOR 52 is available in 5 gallon pails, 55 gallon drums, 330 gallon totes and bulk.

PROPERTIES			
Appearance	Light brown, hazy liquid	Flash Point	None
Odor	Bland	Protection	Short term, indoor
Water Solubility	Completely at all proportions	Film	Semi hard
