

METALFORMING PRODUCT LINE

YOUR SINGLE SOURCE SUPPLIER OF METALWORKING FLUIDS

ABOUT METALLOID

Since 1951 Metalloid Corporation has formulated high-quality metalworking fluids and compounds. We formulate, manufacture, market and service a full range of metalworking fluids including, but not limited to, coolants for machining and grinding, drawing and stamping compounds, corrosion inhibitors and cleaners. Metalloid has supplied trouble free products since 1951. Our goal is to provide our customers increased productivity through proper fluid selection and application which reduces waste and down time on equipment. Metalloid offers products formulated with consideration for safety, health and the environment.

METALFORMING LUBRICANTS

FERROUS METALS

 **ADDVANCE 6110**
Heavy-duty, oil free, biodegradable metalforming lubricant composed of renewable resources.

 **ADDVANCE 6120**
Heavy-duty, biodegradable, progressive die stamping and drawing fluid for steel and stainless steel.

 **ADDVANCE 6170**
Environmentally friendly tube-bending lubricant designed to bend fabricated tubing for the HVAC, automotive, aerospace and appliance industries.

 **ADDVANCE 6615**
Ultra heavy-duty, biodegradable deep draw metalforming lubricant for the most severe of operations for steel and stainless steel.

 **ADDVANCE 6380**
Heavy-duty, biodegradable stamping, deep drawing, tube bending, and endforming lubricant for stainless steel and other tough alloys.

NON-FERROUS

 **ADDVANCE 5430**
Heavy-duty botanical lubricant for copper wire drawing, deep drawing aluminum and aluminum extrusion.

 **ADDVANCE 2100-AL3**
Synthetic metalforming lubricant for medium-duty work with aluminum.

 **ADDVANCE 6580**
Synthetic aluminum stamping fluid with Nissan approval.

 **ADDVANCE 6323**
VOC free, water-based vanishing lubricant for light to medium-duty forming operations.

 **ADDVANCE 5560**
Heavy-duty aluminum water dilutable drawing and stamping fluid.

FERROUS/NON-FERROUS

 **ADDVANCE 6370**
Heavy-duty, biodegradable metalforming lubricant for the most severe operations. Can be used on aluminized steel and stainless steel.

 **ADDVANCE MF-127**
Heavy-duty metalforming lubricant for difficult forming operations, especially with aluminum.

 **METCHEM 6620**
Heavy-duty, non-ferrous stamping and drawing fluid with Nissan approval.

METDRAW 6640
Heavy-duty, biorenewable tube bending paste for all metals.

OTHER PRODUCTS

RUST PREVENTATIVES- Water Based

METCOR 52- Oil free, biodegradable, indoor rust preventative for all metals.

METCOR 57- Solvent based rust preventative for long-term indoor protection of ferrous and non-ferrous metals.

 **METCOR 71-** A indoor / outdoor botanical rust preventative with very light residue.

CLEANERS

METKLEEN 2080- Low alkaline, all purpose cleaner for all metals.

METKLEEN 2090- Low alkaline, spray cleaner for soft metals.

METKLEEN 2120- Low alkaline, hot-tank cleaner for all metals.

METKLEEN 2140- Heavy-duty floor and all purpose maintenance cleaner.

METKLEEN 2150- High alkaline, aqueous cleaner for ferrous metals.

ADDVANCE BOTANICAL HAND CLEANER

Heavy-duty, waterless or water dilutable detergent for hand washing in the machine shop or any industrial facility.

REFRACTOMETERS -Hand held, light weight, digital reading, extremely accurate. Easy to use and calibrate.

MAINTENANCE FLUIDS

Our maintenance fluids are formulated to maximize equipment efficiency and operations by using group II base oils; assisting in longer life of servos, tighter tolerances in ways and beds and cleaner overall performance.
