

# FinWorks 4457

NSF Approved (H2) Food Grade  
Fin Stamping Fluid  
Metalloid Understands Coil Manufacturing.  
It's Who We Are.

**Line Description:** Metalloid Corporation manufactures a complete line of high performance Air Conditioning/heat transfer and refrigeration lubricants. The Metalloid line includes ferrous and non-ferrous fin stamping, tube bending and expanding lubricants. Metalloid also manufactures process cleaners and vacuum pump oils.

**Product Description:** FinWorks 4457 is a versatile fin stamping fluid for medium to heavy-duty aluminum, stainless and steel fins. The unique lubricity package of FinWorks 4457 allows for a wide range of draw heights from 3 F.P.I. up to 22 F.P.I. FinWorks 4457 is multi-metal safe and will not interfere with brazing. FinWorks 4457 is NSF Approved Food Grade (see below).

## Advantages

- Outstanding tool life and lubricity
- Light residue
- Non-staining
- Odorless
- Low viscosity
- Multi-metal safe
- Easily removed in aqueous wash systems
- Stamps aluminum, stainless and steel fins

## Specifications

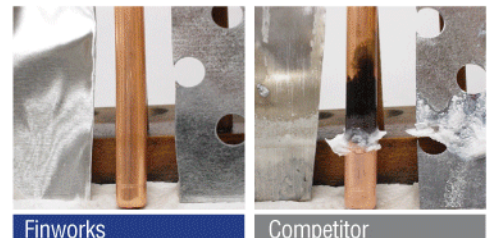

Density, lbs. /gal.....6.37  
Appearance ..... Clear, odorless liquid

## Applications

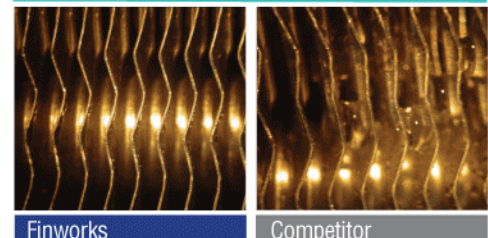

**FinWorks 4457** is used as received. It may be sprayed, dipped, wiped or brushed on. NOTE: This product is approved by NSF International, Category H2 for use on machinery that does not come in direct contact with food. NSF Registration #156267.

**FinWorks 4457** is available in 5-gal. Pails, 55-gal. Drums, 330-gal. Totes and bulk gallon quantities.

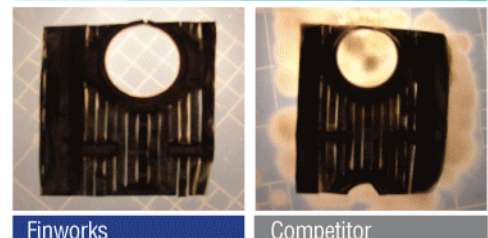

### CORROSION PROTECTION

### WATER REMOVAL

### MOLD RESISTANCE
