FIREARMS & SPORTS

One Source... One Solution... One World

About Metalloid

Metalloid Corporation has formulated high-quality metalworking fluids and compounds since 1951. Metalloid's firearms and sportsman product line utilizes botanical technologies to develop an advanced, high-performance line of environmentally friendly products. Metalloid's firearms products will clean and protect your firearms, as well as maintain leather and wood components.

Firearm Maintenance Products

Green Gun Oil

"Green Chemistry" to lubricate, clean, condition, and protect metal surfaces on firearms and other metal sports equipment.

Metcor 57 Gun Bore Cleaner

Instant drying lubricant that cleans, lubricates and protects the firearm's bore and any other metal surface it contacts.

Bore Shield

A natural product formulated to protect the inner and outer surfaces of firearm bores from humidity, rust and corrosion. **BORE SHIELD** penetrates deep into the metal surface for long term protection. The fast-drying film repels dust, sand, dirt and other debris without depositing oily, messy, or tacky residues. Th film allows the product to be used in forest, desert, jungle, fresh water or marine environments.

Green Stock Oil

Natural and biodegradable lubricant that will clean, seal and restore the luster of wood surfaces. (*Not intended for sealed wood surfaces*)

Green Leather Oil

Natural and biodegradable lubricant that will recondition old leather to reduce cracking, fading, and improve texture. Keeps leather looking new by adding water repellent, mildew protection and suppleness in one application. (*Not intended for faux leather products*)

Duck Hunter's Delight

Designed to protect the firearms of today's water fowler and hunting enthusiast. The protective film is odorless, and resistant to wind, rain and snow conditions. Natural ingredients leaves no fingerprint on the precious environment.

Green Leather Dressing

All-natural, lubricant for conditioning and preserving fine leather goods. The product is hand rubbed onto the leather surface and stitching to penetrate and extend life of the leather. **GREEN LEATHER DRESSING** is especially suited for boots, ammo belts, firearm cases, knife sheaths, and belts. Treated items repel humidity, soil and the drying effects of heat and ultraviolet rays while adding suppleness and mildew resistance. (*Not intended for faux leather products*)

Advance Hummingbird Grease

100% botanical for general purpose indoor or outdoor applications, this product contains no petroleum oils, soaps, or clays. It is formulated with only biodegradable and bio-renewable safe components. **ADVANCE HUMMINGBIRD GREASE** displays exceptional anti-wear and corrosion protection qualities, making it ideal for use on all firearms, including heavy wear parts.

Green Bowstring Lubricant

Cleans, lubricates and protects natural and polymer bow strings. This exceptional lubricant slides on easily and will not harden or gum up on the string.

Sportsman's Personal Use Products

Advance Botanical Hand Cleaner

Heavy-duty, green formulation, water dilutable..

Green Insect Repellent

Natural ingredients and earthy fragrance make **GREEN INSECT REPELLENT** a people and animal friendly alternative to foul-smelling insect repellents that contain harsh chemicals. Available in "Roll-On and spray it" repels ticks, mosquitoes, chiggers and no-see-ums, and stays where you put it. It is not affected by high or low temperatures or high humidity. The odor blends with the environment and is non-detectable to hunted game. **GREEN INSECT REPELLENT** is ideal for hunters, fisherman, hikers, bicyclists and many other outdoor activities.
